## ZERO TO SUPERHERO: 10 WEEK BEGINNER RUNNING PLAN

### ABOUT THE PROGRAMME

This is a 10 week programme designed to help sedentary individuals or those that have been inactive for a very long time to get into a lifestyle of running. The programme starts with 60 minutes of exercise in the first week and builds over the 10 weeks to the recommended weekly minimum for adults, of 150 minutes. The programme starts with walking only and slowly incorporates Running in a run/walk format and has you running for 30 minutes by the end of week 10.

Each week has 3 workouts. These can be done on any day of the week. It is recommended that you have a day off between each workout day.

### PREREQUISITES

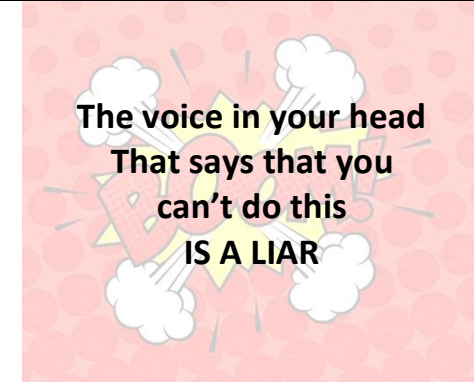

It is recommended that you visit a doctor for clearance to exercise before starting the programme. Especially if you:

- Have not exercised for 6 months or more
- Smoke
- Are overweight
- Have known or suspected high cholesterol
- Have a known heart condition or history of heart conditions in your family
- Suffer from high blood pressure
- Suffer from epilepsy
- Are pregnant
- Are on medication for a chronic condition

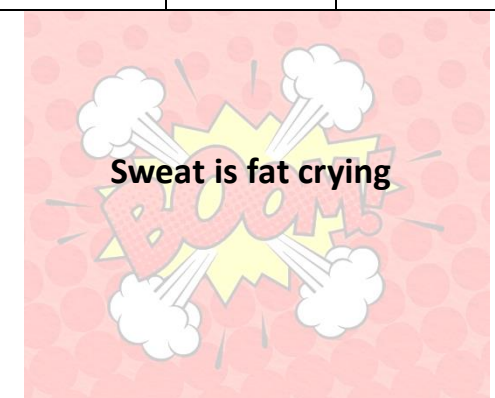

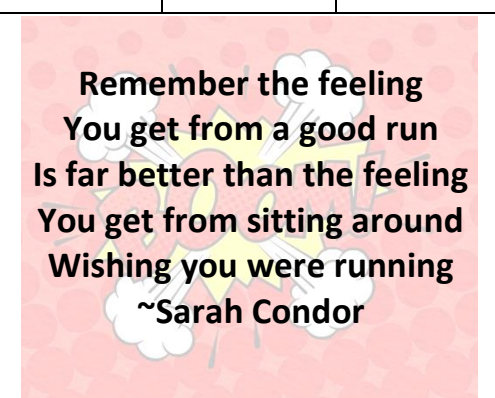

### VICTORY TIPS

These tips will help you get the most out of the plan and become a lifetime runner:

- Learn to breathe right! This will change your life. View how to here: <https://active4life.co.za/blog/breathing-basics-for-runners/>
- PLAN your workouts into your week. Your workouts should be part of your lifestyle, not an addition.
- Get a friend or family member to join you
- Buy comfortable workout gear
- Clean up your diet
- Enter a race
